

A community of leading independent R&D providers in the European automotive sector

Our mission

Our mission is to promote awareness and understanding of the significant role of R&D providers in the automotive sector.

EARPA strives to reinforce the high tech character of the automotive industry as well as promoting future innovation and new opportunities.

Membership benefits

- ✓ Access collaborative funding opportunities through EU RTD funding programmes and project initiatives.
- ✓ Develop closer relations with EU institutions & other significant stakeholders to propel research on road mobility.
- ✓ Learn from our highly experienced Members about the future of the automotive industry.

Our membership

EARPA has 60 Members coming from across Europe, ranging from large and small commercial organisations to national institutes and universities.

EARPA Members play an active role in influencing EU research programmes and undertaking automotive research projects to benefit society and the environment.
